

Difficulties in Work

For work the present is the most important thing: the past must not come in the way and the future must not pull you away.

Your work can never be good if you go on thinking of the next thing. For work, it is the present that is most important. The past should not drag you behind, the future should not pull you forward. You must be fully concentrated on the present, on what you are doing. You must be so concentrated on what you are doing that it is as if the salvation of the whole world depended only upon your work.§
