

## *The Soul (the Psychic)*

The soul is that which comes out of the Divine without ever leaving Him and goes back to Him without ever ceasing from manifestation.

The soul is the Divine made individual without ceasing to be divine. In the soul the individual and the Divine are eternally one.

Thus to find one's soul is to be united with the Divine.

It can therefore be said that the role of the soul is to make of man a true being.

\*

Theories differ according to schools and sects, and each one puts forth excellent reasons to support what it asserts.

There is certainly truth in whatever one affirms and any case is not only possible but has existed in the history of the earth.

The only thing I can speak of is my own experience: the soul is divine, an eternal portion of the Supreme Divine and therefore cannot be limited or bound by any law whatever, other than its own.

These souls are emanated by the Lord to do His work in the world and each one comes upon earth with a special purpose, for a special action and with a special destiny, carrying in itself its own law which is imperative for itself alone and cannot be a general law.

Thus, in the eternity of becoming, any case imaginable or unimaginable must evidently exist.

The soul is eternal and universal, and all these incapacities and impossibilities have no reality for it.
