

ASTROLOGY

Do not fear for your life — the astrologers do not always say the truth.

*

The stars have no decisive influence. It is only if one does not believe in the Divine that one unnecessarily suffers by believing that they determine one's life.

I have known many astrologers both in Europe and India. So far, nobody has been able to read the future correctly. There are three reasons for the failure. First, the astrologers do not know how to read the future properly. Secondly, the horoscope is always incorrectly made — unless a man is a mathematical genius. And even for such a person it is very difficult to make a correct horoscope. Thirdly, when people say that the stars in this or that house at the time of birth rule your life, they are quite wrong. The stars under which you are born are only “tape-recorders” of physical conditions. They do not rule the future of the soul. There is something beyond, which rules the stars themselves and everything else. The soul belongs to this Supreme Being. And if it is doing Yoga, then all the more it should never believe in the power of the stars or in any other power.

An astrologer who predicts a catastrophe for you is like a joker. Many jokers say things like, “Today you will break your neck!” But in spite of the joke nothing happens.

Only a great Yogi can tell you your future correctly. But even then there is the Supreme Will which alone controls and decides everything. §
