

## Man and the Supermind

Man is a transitional being, he is not final; for in him and high beyond him ascend the radiant degrees which climb to a divine supermanhood.

The step from man towards superman is the next approaching achievement in the earth's evolution. There lies our destiny and the liberating key to our aspiring, but troubled and limited human existence — inevitable because it is at once the intention of the inner Spirit and the logic of Nature's process.

The appearance of a human possibility in a material and animal world was the first glint of a coming divine Light, — the first far-off intimation of a godhead to be born out of Matter. The appearance of the superman in the human world will be the fulfilment of that distant shining promise.

The difference between man and superman will be the difference between mind and a consciousness as far beyond it as thinking mind is beyond the consciousness of plant and animal; the differentiating essence of man is mind, the differentiating essence of superman will be supermind or a divine gnosis.

Man is a mind imprisoned, obscured and circumscribed in a precarious and imperfect living but imperfectly conscious body. The superman will be a supramental spirit which will envelop and freely use a conscious body, plastic to spiritual forces. His physical frame will be a firm support and an adequate radiant instrument for the spirit's divine play and work in Matter.

Mind, even free and in its own unmixed and unhampered element, is not the highest possibility of consciousness; for mind is not in possession of Truth, but only a minor vessel or an instrument and here an ignorant seeker plucking eagerly at a mass of falsehoods and half-truths for the unsatisfying pabulum of its hunger. Beyond mind is a supramental or gnostic power of consciousness that is in eternal possession of Truth; all its motion
