Except for very rare cases, animals are not individualised and when they die they return to the spirit of the species.

### SUICIDE

*Mother Divine,*

*Something is going wrong with my brain. I often think of suicide. Please pardon me and give me Thy protection and blessings.*

If you are sincere in your aspiration to see me, you must throw far away from you these morbid ideas of suicide which are quite contrary to any divine life. Be patient, firm and steady, face quietly the difficulties of life and still more quietly the difficulties of “sadhana” — then you will be sure of the final success.

With blessings.

*I feel that I am your blank child born with blank fortune; such a child has no mission to fulfil in life. Isn't it better to go away from the world?*

It is *in this world* that you have to change and that the change is possible. If you run away from this world, you will have to come again probably in worse conditions and you will have to do everything all over again.

It is much better not to be a coward, to face now the situation and to make the necessary effort to conquer. The help is always with you; you must learn to avail yourself of it.
