

### Words of the Mother – III

*give me the promised advice, so that I may be able to get rid of them completely for ever.*

These adverse forces are connected with sexual desire. They live on the energy wasted when the act takes place. And even a thought, a mental or vital desire is sufficient to let them come in and settle in the atmosphere. Thus it is in the mind itself that the purification must take place.

My blessings.

*Mother, sometimes I see a queer thing. I see a region where dead flies go. Their condition seems to be a very miserable one. They complain that I kill so many flies.*

These visions are imaginations which probably come from old thought-forms. There is no reason to sentimentalise about flies. They are beings created by the adverse forces and they must disappear from the earth.

In the terrestrial organisation, the world of insects is, so to say, the direct work of hostile creators in the vital world; they are the result of adverse and often diabolical thoughts and imaginations, directed not towards man but towards the divine work. Often an insect that looks quite harmless is the messenger of a bad and malevolent will; in that case one must deal severely with it.

Love can tolerate anything — but in action, the Divine chooses and decides. Yet even in his act of destruction, there shines out pure Love, sublime Love.
